AREAS OF STUDY

Microsoft Imagine Academy and Microsoft Certification focus on three areas of study: Productivity – where students engage with Microsoft Office and other tools to prepare them for a wide range of careers. The Computer Science and IT Infrastructure areas focus on core technical concepts in software development and IT.
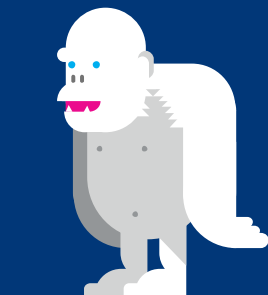

Microsoft Imagine Academy includes resources such as Microsoft Certifications and provides access to MOAC, lesson plans, online learning, and study guides.

Microsoft

PRODUCTIVITY

Microsoft Office and productivity software, tools and services

Subject Area	Exam Number	Validation	Online Learning	MOAC	Lesson Plans	Study Guides
